Parenting Smart

We all want the best for our children, but parenting can be really tough sometimes. We've all been there.

Place2Be's Parenting Smart is a site for parents and carers of 4-11 year olds, offering practical advice on supporting your child and managing behaviour.

All of our content is created by Place2Be's parenting experts. It's based on evidence and their experiences working with children, young people and their families.

Designed with busy parents in mind, the site has short videos and articles on topics from meltdowns to bullying, from sleeping difficulties to encouraging self-confidence.

Parenting Smart - Online Course

Parents and Carers of 4-11 year olds can access our free online course providing you with **extra tools to deal with everyday parenting challenges.**

All of the content is based on the latest evidence and experience from Place2Be's Parenting Team, in partnership with South London and Maudsley-NHS Foundation Trust.

The course aims to help you strengthen your relationship with your child and respond helpfully to challenging behaviour. You can also join discussions with other parents and carers in your group from across the UK.

- ✓ Free
- ✓ No fixed times
- ✓ Accessible from any device
- ✓ Hear from other parents around the UK
- ✓ Place2Be professional on hand to support learning

Designed to fit around busy family lives, the 4-week course can be broken down into short 15-minute sections and you can access it from your mobile phone, tablet or any other device.

Wandsworth Borough Council are conducting a Needs Assessment for Health and Wellbeing in your local community. They want to hear from you, about you, your family and your friends experiences relating to health and wellbeing services. They want to understand the challenges you, your family and friends face in your local area and learn about the health needs that matter most to you and your community.

The survey is totally anonymous - It does not ask intrusive or personal questions about your health. It does not ask you to provide your name, address, contact information, or any personally identifiable information. It is totally confidential and your responses are only seen by the researcher.

The survey will only take you 7 minutes (on average) to complete and your responses will help shape a report that will make recommendations for improving health and wellbeing where you live. Please also considering sharing this email and link to friends and family living in Wandsworth so we can really hear the community voice.

You can access the survey either via following this link <https://www.surveymonkey.com/r/WCHNAlive>
